**REQUIREMENTS:** Miniature paintings and sculptures are fine art on a small scale, with minute attention to detail, which can withstand close inspection or enlargement. As a guideline (not a rule) for a general definition of small scale, a subject should be no larger than 1/6 th actual size. Surface of ARTWORK not to exceed 24" (all sides added together must be 24" or less EXCLUDING frame - Example: if your actual piece is 5" x 7", then 5" + 5" + 7" + 7" = 24"). Sculpture should fit inside an 8" x 8" x 8" cube including the base. Non-representational work (abstracts) may meet the spirit of a miniature if the work meets the above definition of miniature. Original artwork only accepted all mediums except photography.
